

TESTIMONIALS

We take the words of our families to heart as they always help us reflect upon what is wonderful about our program and sometimes even areas that we can grow. Many thanks to all the families that have shared their thoughts with Winter Sun Schoolhouse. We are better because of you!

“ Unsure how to put words to my thoughts, but your program is “it”. Whatever it is you are doing, it is highly effective. My child only attends two days a week, and the amount of knowledge he has gained is almost unreal. He is getting experiences with your program that every child in our community needs. Imagine what it would be like if this type of quality and purpose could extend beyond preschool. As an educator myself, I yearn for the vision of your school house to spread for all children to experience.

“ The staff goes above and beyond to communicate with our family. They truly love our children, and this has been the best investment we could have made for the future of our children.

“ You love on my daughter, tell me personal stories when I pick her up, give her special attention, and teach her kindness. She LOVES the music...we love everything about Winter Sun!

“ Your staff is amazing! My daughter loved her preschool/DK experience. Now in kindergarten, she is well ahead of where she needs to be.

“ I love the fact that my children KNOW their teachers truly care about them!

“ Everything you do amazes me! My daughter does not want to leave the Penn campus because she loves being an “environmental citizen and that way of learning.

“ We just love the Spanish and Music programs. They are the highlight of our daughter’s week!

“ Support of Early On services coming in. Your staff is nothing but accepting and helpful.

“ I am impressed with how much my toddler seems to be growing mentally; she seems to know and understand a lot of words. I am also grateful for her caring and loving teachers. I am thankful that they love on her during the day when I am at work. I appreciate the time and energy put into caring for my crazy toddler all ay long.

“ I appreciate that there is art, music, Spanish, outside time-while I have other cheaper “daycare” options, I love that my child is LEARNING and purposefully having fun; not just alive and entertained by a screen.

“ The family atmosphere is very evident within your programs. I love that you incorporate art, music, and outdoor life (plants and animals), sign language and Spanish so that the kiddos get to experience so much fun while learning.

“ Your staff is amazing!!! They are so kind to children and parents. I love that you have a vegetable garden and chickens on the playground, and you go outside every day (weather permitting). The music and Spanish programs are amazing. We LOVE Winter Sun! 😊
