6	I can’t succinctly put this into words but I’ll try!! WSS has impacted our family beyond our comprehension. Our children left WSS with emotional skills, academic skills, social skills, adaptive skills, and just plain life skills far beyond expectations of a preschool. I credit a lot of my older childrens’ success in school to their start at WSS. Our family says the Earth Prayer at each dinner. We took an interest in bees. We love chickens. We all decide what to plant in the garden each year. These are all things that are so ingrained in our family and have roots at WSS. There are SO many more too!! Your reach is much farther and deeper than you’ll ever know!!	1/28/2026 11:08 PM
7	I credit WSS for helping my son become so polite and well rounded. Both my babies are pretty mild tempered and happy by nature. I think WSS has definitely helped to cultivate and encourage that!	1/27/2026 7:07 PM
8	Our child's development has grown exponentially compared to our previous childcare arrangement. They are exposed to great learning opportunities instead of just a room full of toys all day long. We love that the videos sent to us are generally times of creativity and engagement.	1/27/2026 4:07 PM

10	We made the switch to Winter Sun 4 months ago and have been soo happy with the switch. Having another childcare facility to compare to has us very impressed with everything. Noticeable differences for us are the healthy snacks, the flow of the day, the level of care by all teachers, and the no cell phone policy are the biggest positive impacts we have seen.	1/27/2026 10:13 AM

12	WSS takes tremendous care of our little guy and that allows my wife and I to also continue our careers while putting him in the best possible situation to grow and develop. While having him in daycare can make us feel guilty for not being with him full-time, the fact that he is at WSS removes that guilt factor as the team takes such great care of him and is helping him learn and develop. We feel like the WSS team is part of our parenting team and that has been so great for our little guy (and my wife + I).	1/27/2026 6:04 AM
