

SUMMER CAMP

WhiteHALL Road CampUS

FOR SCHOOL-AGE CHILDREN

Rhythm and repetition are vital elements in the healthy development of young children. They manifest in every living thing. The wing beat of a bird, the crawling caterpillar, day and night, the cycle of the seasons, the ebb and flow of the tides and our very own human heartbeat. Children build confidence when we lead them to live in rhythm.

The daily rhythm for Summer Camp 2018 will include the following components; however, the schedule will vary depending upon age.

Marvelous Musical Moments We will sing in English and Spanish, make instruments, dance, be theatrical, move our bodies, and develop our confidence!

Outside Discovery Play Children will play games, take walks, tend to the garden and/or chickens and breathe fresh air.

Art and Science Children need to explore, create and discover and this is exactly what they will be doing during this time. Whatever it is, it is sure to be messy so please send your children in “play” clothes.

PLAY

Indoor Discovery Play Healthy eating is always a priority at Winter Sun; organic, whole grain and natural! And so is PLAY! Children are offered ample opportunity to practice what they know through play.

WORK

Center Work Play centers are a fantastic way to engage children with their peers in a small group setting.

Engaging heads, hearts & hands all summer long!
